

2021 Department of Solid Waste Annual Report

Tioga County Solid Waste provided

- Extensive education and outreach for waste reduction, reuse and recycling via their website, events and local media
- Safe and economical method for residents to properly dispose of their household hazardous waste and electronics

In 2021, collected:

- 19.3 tons of household hazardous waste
- 23.4 tons of electronics
- Tioga County Solid Waste received grants totaling over \$53,000 in 2021 from the New York State Department of Environmental Conservation (NYSDEC).

Goals for 2022

- Initiate End Food Waste education and outreach program
- Partner with local municipalities to include electronic waste collection at their clean up or tire events
- Hold a household hazardous waste drop off event for resident 65 years and older
