No issues came out of the storm, but we did realize there is a need for public outreach and education. Corrine, Will, and Bob will be at NYSEMA conference in Syracuse on February 9th, 10th, and 11th. Planning an EOC activation exercise for spring of 2026. Hoping to host three New Visions students from Broome Tioga BOCES Law and Government section, for 1-2 days each between February and May. Still finalizing the dates. Students would just be observing for a few hours a day to learn what our office does.

Old Business:**Radio Project:**

Consultant is still working to coordinate the utility connection to the tower sites, including Spencer and Ballou. The pad needed for NYSEG to install a new pole has been completed at Hanson.

The tower at S. Apalachin site was constructed on February 17th.

Subscriber units are in Harrisburg. Corinne and Will are traveling down the beginning of March to go over starting to plan for programming and installation.

We provided a project update at the February Fire Chief's meeting, in coordination with Motorola. That meeting was very well attended.

We received 1.5 million dollars for the project from Congressman Langworthy's office. A press conference was held February 20th to announce.

We are looking to schedule the upgrade of the radio consoles in Dispatch. Similar to the VESTA phone cut-over, we will be setting up and conducting training and then working to swap equipment over in dispatch, while ensuring there is no loss of operability.

The county received \$689,655 for the NYS ESINET grant program. See the attached resolution to accept.

CAD Project:

Nothing new to report.

EMS:

We are awaiting further information about the comprehensive plan for NYS.

Emergency Management:

Corinne, Will and Bob attended the NYSEMA conference in Syracuse on February 9, 10 and 11th. There were a lot of good presentations.

We are planning an EOC activation exercise for spring of 2026.

Corinne and Will are participating in the I4A program this year.

We have been working with Brandon Clark and IT to discuss a capital reserve project to bring the EOC/MPR conference room up to date with technology and replace the failing equipment within that room.

We are planning to host an Open House again this year. More information to come once a date is confirmed.

Threat Assessment Team:

The team has continued to meet regularly and either hear potential cases or have training to further the understanding and skills of the team.

Fire:

Fire Departments across the county and the Fire Investigation team continue to be very busy.
