MENTAL HYGIENE

1. Financial
 - Mr. Chris Korba reported that 2025 is looking well with \$190,000 in encumbrances (some are estimated). Some Fee for Services funds received in January and February that have 2025 dates of service will go back to 2025. Projections show a return of at least \$125,000 to local share due to savings in salary and fringe.
2. Old Business
 - Criminal Psych – Patient has not been discharged as far as MH knows. MH has received invoices through November. Had to transfer funds from the salary line of \$25,000 to cover those invoices. MH has budgeted \$198,000 for this service in 2026.

PUBLIC HEALTH

1. Financial

- Mr. Denis McCann reported that although the current Munis report shows PH returning over \$400,000, there are still a couple months of 2025 invoices and revenues to be received. He is confident there will be a sizable return of local share, but too many factors to project the amount at this time. Fee-for-Service revenues continue to be above budgeted amounts. Expenses in Early Intervention (EI) and Pre-School continue to be below budget as reported throughout 2025. 2026 is "tracking well".

2. Old Business

- None

3. New Business – Agency Report for December:

- Flu cases are the highest rate they have ever been across NYS. For Tioga County, 50% of the cases are people under 19 years of age. Likely due to more people being tested. TCPH continues to educate the public about influenza prevention by promoting the vaccine and by reminding people of measures to help decrease the spread. RSV cases have also increased.
- There was a Document Review or unofficial virtual audit conducted on Pre-School Special Education Program (Medicaid billing). Ms. Vroman is pleased to report that there were no official findings.

- 2025-2030 Community Health Assessment has been submitted to NYSDOH.
- The retailer in (Owego) that had a second ATUPA violation of selling tobacco products to underage individuals has had their tobacco license suspended for 12 months by NYS.
- NYSDAM continues to provide support in Weights & Measures program as PH works to assess needs and identify gaps/priorities.

All the other accounts are running at or below target.
